Robert Oh and Sunit Prakash, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. Strategic Lean Service is a highly readable case study of the groundbreaking use of Lean - conceived and shaped in the manufacturing sector - to transform a global IT service delivery organization. It surveys the course traveled by Baan Customer Service & Support (CS&S) in the early years of the new millennium, at a point when it faced a number of serious problems. Led by Senior Vice-President Ardin Vlot, Baan CS&S analyzed its position with stark honesty and embarked on a campaign of deep, across-the-board transformation in order to establish unprecedented new levels of customer satisfaction. They then introduce us to its new Lean-based strategy, Up To Excellence, devised to turn around the organization's identified problems. Each of the strategy's five supporting 'pillars' (Planning, Tracking and Reporting; Human Capital Development; Process and Performance Improvement; Supplier Management; and Support Infrastructure, Innovation and Technology) is described in some detail, and we discover how each plays its...
