

Design: A Very Short Introduction (CD-Audio)

By John Heskett

Audible Studios on Brilliance, United States, 2016. CD-Audio. Condition: New. Unabridged.

Language: English. Brand new. John Heskett wants to transform the way we think about design by showing how integral it is to our daily lives, from the spoon we use to eat our breakfast cereal, and the car we drive to work in, to the medical equipment used to save lives. Design combines 'need' and 'desire' in the form of a practical object that can also reflect the user's identity and aspirations through its form and decoration. This concise guide to contemporary design goes beyond style and taste to look at how different cultures and individuals personalize objects. Heskett also reveals how simple objects, such as a toothpick, can have their design modified to suit the specific cultural behavior in different countries. There are also fascinating insights into how major companies such as Nokia, Ford, and Sony approach design. Finally, the author gives us an exciting vision of what design can offer us in the future, showing in particular how it can humanize new technology. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These are the...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
