

Signal analysis and processing [Paperback]

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

(Prof. Loyce Runolfsson Jr.)

SIGNAL ANALYSIS AND PROCESSING [PAPERBACK]

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 340 Language: Simplified Chinese Publisher: Tsinghua University Press; 1st edition (December 1. 2011). Signal analysis and processing of the signal analysis is divided into first-order statistical analysis. the second-order statistical analysis and higher order statistical analysis of three parts. the system introduces the three-part analysis of signal and the corresponding signal processing theory. methods and applications. The book is nine chapters. including the signal system and transform the basis of background knowledge. the signal Fourier analysis and spectral estimation. digital filters. signal detection. analysis. and time delay estimation. power spectrum analysis with the classical spectral estimation. Modern Spectral Estimation the contents of the higher-order statistics of the adaptive filter and signal analysis and processing. Book in layman's language for signal processing applications and new developments described representative of signal analysis and processing theory and methods. and introduced a large number of examples. For the convenience of the reader to learn and deepen understand the main contents of the book. each chapter with Questions for review. and calculation of proofs and MATLAB training and computer simulation title. Signal analysis and processing can be used as teaching materials and reference books of information science and technology disciplines senior undergraduate students and non-information science and engineering graduate students are also available for signal analysis and processing of self-study and reference the work of scientific and technical personnel. Four Satisfaction guaranteed, or money back.
