Reviews

*Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).
(Pasquale Larkin I)*

HANDBOOK OF PARENT-CHILD INTERACTION THERAPY

Springer-Verlag GmbH Nov 2018, 2018. Buch. Condition: Neu. Neuware - This handbook examines advances in the evidence-based behavioral family intervention, parent-child interaction therapy (PCIT). It surveys innovative adaptations tailored to specific diagnostic concerns, client populations, treatment settings, and delivery formats. Chapters provide rationales for adaptation, reviews of relevant research, and discussions of advantages and challenges. Case studies illustrate the implementation of the adaptations and help to make new techniques concrete. The handbook offers practical descriptions of the adaptations to PCIT, comprehensively reviews treatment outcome literature, and integrates cutting-edge implementation science into an exploration of the current dissemination strategies in PCIT. The handbook concludes with a consideration of the questions that remain to be addressed to extend the reach of PCIT among traditionally underserved families and to continue to advance the science and practice of children's mental health interventions. Featured topics include: PCIT for children with callous-unemotional traits. PCIT for families with a history of child maltreatment. Group PCIT. PCIT for military families. The PCIT CALM program for treating anxiety in young children. PCIT for American Indian families. Transporting and disseminating PCIT internationally. Using technology to expand the reach of PCIT. The Handbook of Parent-Child Interaction Therapy is a must-have resource for researchers, professors, instructors, clinicians, and graduate students in child and school psychology, child psychiatry, and social work as well as such related disciplines as developmental, clinical, counseling, and community psychology, family studies, and mental health services and agencies. 423 pp. Englisch.
